IF CHIEKOZU WINS A HAND IN THE VICE-CAPTAIN MATCH, IT OFTEN HAPPENS THAT IN THE CAPTAIN MATCH TOURITA ALSO WINS IN THE SAME ROUND AND WITH TWICE THE NUMBER OF HAN.

But this time the point gap is 35800 points... will it be ok if I don't overdo myself?

In the semifinal, the point difference with the leader was 140000 points, so I had to push myself to the limit...

If I simply win an average number of times, dining for 3 han won't be enough.

However, in the match for 5th, we only play 1 hanchan.

In that case, as expected, winning more than 3 rounds will be critical to win the game.

And if I can fold like to win one hand with a value of more than 4 han.
